

**Register Democrats.
Save the world.**

Field Team 6 Youth Organizer

- Want to **inspire your friends**, and their friends, to vote?
- Ready to **flaunt your social media skills** creating viral campaigns?
- Eager to **overcome barriers** that keep young people from voting?
- Willing to **connect** with college clubs, progressive groups, and high school seniors?
- **Motivated to fight disinformation** and sign up everyone you can to vote-by-mail?
- **Unafraid to save the world?**

Yes? Then we'd love to have you join Field Team 6 as an **Organizer** with our **Youth Outreach Team**. Our mission: **Register Democrats. Save the world**. Partisan voter registration is our secret weapon in the battle to swing twelve key states in 2020. And we will not win without young people, who will make up **over one third** of the eligible voting electorate.

Our Youth Outreach Team offers you the challenge of a lifetime: Learn how to persuade your peers, develop social-media memes and texting scripts, and build relationships that help young people turn their voices into votes.

Get expert coaching and mentoring, useful connections for future jobs, and tons of amazing experience along the way.

This is a volunteer position that can be done remotely.
