

Field Team 6 Partner Brief

Field Team 6 is a volunteer army on a mission: Register Democrats. Save the world.

GOTV is great, but it's just half the equation. *Together with 200+ partner organizations, we work on the single most effective – and most overlooked – way to win elections: registering new Democrats in swing states, where just a few voters can make the difference.*

Because we do partisan registration, we explain what Democrats stand for. We say candidates' names. We register Democratic voters almost exclusively (92%). We register women, people of color, young people, the LGBTQ+ community, and every voter who can help defeat the existential threat to our democracy, and fulfill the promise of America.

PARTNERING IS EVERYTHING

To date, working with partners like Georgia NOW, Turn PA Blue, New North Carolina Project, and so many others, we have helped register a staggering 2.5M Democratic voters, the vast majority in swing states. In 2020, voters we helped register were 89% of Biden's victory margin in WI, 5X his margin in GA, 6X his margin in AZ, the states that won the Electoral College. In the '22 midterms, voters we helped register were decisive in winning 22 swing House races and 5 Senate races (AZ, CO, GA, NV, PA). **We could not have done this without the help of our incredible partners.**

WHAT PARTNERING MEANS

Our secret weapon is a database of 9M unregistered likely Democrats, most in swing states, and we can use that to set up postcarding, phonebanking and textbanking for free! Just tell us where you want to target, who you want to contact (age/gender/race), and we'll set it up. We love your input on scripts too! We're here to be of service. Bring your volunteers and we'll bring ours, and we can promote events on our Mobilize feed, on our website, and with our mighty social media presence.

YOUR HELP COULD WIN IT ALL

This election cycle, our goal is to help register 3M new Democrats. If we join forces now to get this done, we can win key races from school boards to state legislatures – take back the House, save the Senate, and defend the White House – pass game-changing voting rights and abortion rights – and crush Trumpist fascism once and for all.

Please partner with us today to save the democracy. And let's win!
